

Events in Autumn

And so begins the autumn of art and culture. The Miyazaki International Foundation will soon host 'The 17th Friends of the World Miyazaki International Festival'. While exchanging stories directly with those from the local area, it will be a chance to get a first-hand experience of other cultures, and promote mutual understanding. Hopefully it will help to contribute to the building of a more diverse, multi-cultural society, where Japanese and foreign residents living in Japan can live together in harmony.

Additionally, there is to be an arts festival under the theme, 'Miyazaki, as seen by its foreign residents'. Through the photos, pictures, writings, and sculptures made by foreign residents, an unusual beauty of Miyazaki can be seen.
